

Aero
SERIES

PELLET DRY ICE BLASTING

Discover Aero Technology.

The Aero line offers superior performance while maximizing mobility with or without electricity. From mold removal to cleaning printing presses, the versatile Aero Series offers the fastest and best clean, no matter the size of your project or budget.

Aero 40

Aero 80
S E R I E S

Aero C100

A powerful friend to both you and the environment, the Aero Series eliminates the need for toxic chemicals and secondary waste while leaving only a clean (and green) like you've never seen before.

CLEANING SYSTEM	HOPPER SIZE	TILT OUT HOPPER	FEED RATE	SureFlow SYSTEM	CLEANING AGGRESSION	POWER SUPPLY
Aero 80-HP	80 lb (36.2 kg)	●	1-7 lb/min .45-3.2 kg/min	●	●●●●●	Electric
Aero 80-DX	80 lb (36.2 kg)	●	1-7 lb/min .45-3.2 kg/min	●	●●●●	Electric
Aero 80	80 lb (36.2 kg)		1-7 lb/min .45-3.2 kg/min	●	●●●●	Electric
Aero C100	100 lb (45.3 kg)		1-7 lb/min .45-3.2 kg/min	●	●●●●	Pneumatic
Aero 40	40 lb (18.1 kg)		1-4 lb/min .45-2 kg/min	●	●●●	Electric
Aero 30	30 lb (13.6 kg)		3 lb/min 1.4 kg/min		●●	Electric
Aero 30 LF	30 lb (13.6 kg)		1.5 lb/min .7 kg/min		●	Electric

Trial Rental Offer

Experience for yourself cleaning that's twice as fast. Set up your own risk-free custom Trial Rental Offer by calling +1 800.337.9423 today.

Aero SERIES

Welcome to the top.

Cold Jet's Aero Series Dry Ice Blast Cleaning Systems combine superior dry ice delivery with advanced cleaning performance. Both our pneumatic and electric models offer a powerful clean – what you expect from Cold Jet, the leader in dry ice blasting technology for over 20 years.

Rugged Mobility Meets Solid Dependability

Featuring a fully welded steel frame, large flat-free tires, and ergonomic handles, the Aero Series is built to last, yet is balanced and maneuverable. Our operator-friendly systems are engineered to be dependable, easy and cost effective to use, helping you get the job done faster, smarter and safer.

Visit coldjet.com/aero or call **1.800.337.9423** to learn how the newly re-designed Aero Series will improve your cleaning process.

*Patented Isolated Hopper
with Advanced Agitation
Technology.*

SureFlow System

The SureFlow System includes an isolated hopper, Multi-Layer Insulation (MLI), Advanced Agitation Technology and sealed lid that reduces sublimation and ensures a reliable flow of ice pellets.

Less Downtime. A single operator can run a hopper completely filled with dry ice through a 100 ft/30.4 m hose without poking, clogging or loss of cleaning aggression.

Radial Pocket Feeder

Patented flow-through pocket design feeds pellets with less breakage and less air loss compared to conventional systems.

Tilt-Out Hopper

The automatic tilt-out hopper, standard on the Aero 80-HP and 80-DX, allows you to quickly empty and clean the hopper, and save unused dry ice.

Competitor Cold Jet

Pulse-Free Blasting

Aero Systems clean uniformly on every pass making them the fastest dry ice blast cleaning system available on the market.

The Aero line uses rice-sized dry ice pellets to effectively clean without damage or secondary waste.

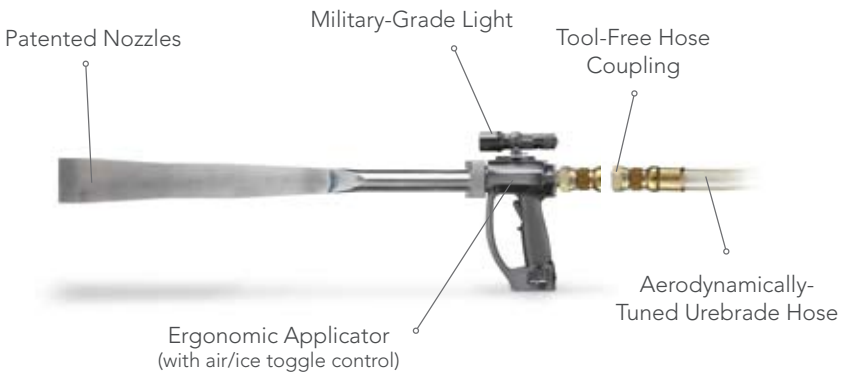

PELLET DRY ICE BLASTING

Superior performance.

Cold Jet's nozzles are designed to maximize performance whatever the application. Broad or precise cleaning, hard to reach areas or working in a confined space, our line of nozzles will exceed your expectations.

Patented Cold Jet nozzles incorporate NASA technology for a superior clean the first and every time.

Ergonomic Applicators

Cold Jet applicators reduce user fatigue while our proprietary coupling system makes connecting and disconnecting nozzles and hoses fast and easy.

Aerodynamically-Tuned Hoses

Our proprietary hoses eliminate constrictions, delivering more cleaning energy for the most powerful and efficient cleaning capability.

Fatigue-free control at your fingertips.

Everything you need to do the job right.

Enjoy immediate response time, an extensive parts and accessories selection, 1-year factory warranty on all systems, comprehensive training, experienced service technicians, and 24/7 global support.

Protect your investment with a Cold Jet Extended Warranty Plan. Visit coldjet.com/support for more info.
