

ICEPRESS

Press any form of dry ice into block.

The new Cold Jet i³ IcePress creates block dry ice from pellets, nuggets and/or scrap dry ice in under three minutes. The i³ IcePress provides superior quality dry ice block for blasting, shipping, storage, and refrigeration.

Press bad ice into good.

The i³ IcePress reforms even bad ice into superior quality block in four easy steps: 1) open the lid, 2) pour in your ice, 3) close the lid and 4) flip the switch... It's that easy!

Block ice when and where you need it.

Small, mobile, and easy to use; just add ice and compressed air. The i³ IcePress allows you to make blocks whenever, wherever.

Contact Cold Jet to learn more about the  ICEPRESS

"Nice and easy machine to use. Did more than we expected. Good quality of blocks. It's very useful if you can't get block. Nice job!!!"

PERFORMANCE

- Simple design & operation with few moving parts
- All pneumatic operation
- 20 blocks per hour (~ 200 lbs (91 kg) per hour)
- Works with standard compressor or plant air (>70 psi (4.8 bar))
- Generates up to 7500 lbs (3409 kg) of force

EASY TO USE

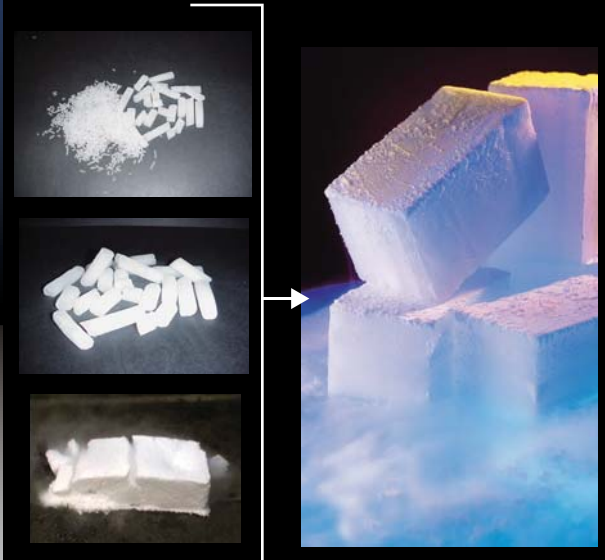

- Controls are simple and easy to use
- Just 4 easy steps and 3 minutes to make a block
- Compact design is easy to move around

SAFE OPERATION

- Meets CE standards
- Meets OSHA code

SPECIFICATIONS

- Block Size: 5 x 5 x 10 inch (12.7 x 12.7 x 25.4 cm)
- Block Weight: approx. 10 lb (4.5kg)
- Minimum Air Pressure: 70 psi (4.8 bar)
- Maximum Air Pressure: 250 psi (17.2 bar)
- i³ IcePress Size (LxWxH): 23" x 24" x 44" (58 cm x 61 cm x 112 cm)
- i³ IcePress Weight - 160 lbs (72.7 kg)
- 12-month warranty (extended packages available)
