

PowerPTX

The PowerPTX delivers dry ice blast cleaning capabilities in an economical package for an all pneumatic system.

The dry ice pellets disappear on impact while blasting away unwanted contaminants including carbon, oils, and mold release agents.

Cold Jet offers the widest selection of environmentally friendly dry ice blasting systems, nozzles, and accessories to provide solutions to customers worldwide.

Unique Features:

- Single-hose high performance blast system
- Economical solution for dry ice blasting
- All pneumatic design makes maintenance a breeze
- Separator/filter provide added protection of pneumatic controls and ensures clean blast air

- ① Rugged stainless steel construction
- ② Fully adjustable ice feed rate
- ③ Adjustable blast pressures from 50 to 125 psi (2.8 to 8.6 bar)
- ④ Large, 110 lb (50 kg) hopper capacity

SYSTEM INCLUDES

- One length of blast hose
- Air Hose
- Customer Specified Nozzle
- Nozzle Handle (if applicable)

SAFE

- All pneumatic operation
- Safety interlocks prevent contact with moving parts

EASY TO USE

- Ergonomic control panel is easy to reach and angled for quick viewing with simple, intuitive controls

PORTABLE

- Quad-wheel design can be used in two-wheel mode when negotiating steps, or in all-wheel mode for easy in-plant mobility
- Lightweight - weighs just 140 lbs (63.5 kg)
- 14" (35.6 cm) wide - fits into tight work areas

SPECIFICATIONS

- Dual-hose blast system
- 110 lbs (50 kg) dry ice hopper capacity
- Air consumption range - 25 to 250 cfm (0.7 to 7.1 m³/min)
- Supply air pressure range - 70 to 150 psi (5.2 to 10.3 bar)
- Variable feed rate - 1 to 6 lb/min (0.5 to 1.8 kg/min)
- Blast pressure range - 50 to 125 psi (2.8 to 8.6 bar)
- Weight - 140 lbs (63.5 kg)
- Size (L x W x H) - 18.5" x 14" x 45.75" (43 cm x 36 cm x 116 cm)
- Inlet air temperature - 175° F (79° C)
- Inlet air connection - 1" (2.54 cm) NPT
- 12-month warranty (extended packages available)
